Dear Mr Stonehouse,

Steamer "MECCA"

I am sorry to add to your troubles, but the Engineer Reports Department have raised a point on your Rpt. No. 4812 of survey concluded on this ship in June last.

They want to know whether the turbines are considered to be satisfactory until the next Special Survey, in view of your remarks in the body of the report, and, if not, what limit should be imposed for re-examination.

I conclude that you have your notes with you, but should you desire to refresh your memory I will forward your report to you should you so desire.

With kindest regards,

Yours sincerely,

Clerk to the
Classification Committee

R. W. Stonehouse, Esq.,
c/o The Surveyors,
FALMOUTH.
