ANSD.....

Dear Sir,

Your letter of the 2nd instant, with enclosures, respecting the Pontoon Barge "JAMES ROCKBREAKER VII", duly came to hand.

I beg to inform you that, on receipt of same, I contacted the Owners in the matter.

Having received to-day, from them, a copy of their letter to you, (of the 15th instant), I find that the first sentence of that letter does not reflect what, repeatedly, I explained to them, in accordance with your instructions, as to the position of the Society regarding this case and particularly regarding the opening out of the vessel for Special Survey.

From their verbal communications, however, I understand that they did not find any way to be represented at Southampton other than requesting a local Shipyard to act as their Agent, in the circumstances. They also stated that, for the time being, they desire to have the vessel surveyed afloat only and to be advised of the Surveyors' recommendations as far as could be seen in such a condition.

Enclosed please find, in return, the copies of correspondence annexed to your above said letter.

I am, Dear Sir,

Yours faithfully.

State clearly whether and, if so, what alteration is suggested to be made in the existing of survey, thus, for example:—"to remain as classed in the Register Book without fresh record of survey, to remain as survey, 1,38," or "to remain as classed and to have record of survey, 1,38, and the notations of ss No. 1-38."
