ference

Dear Sir,

With reference to your letter "M" of the 22nd April, 1938, relative to the pontoon barge "JAMES ROCKBREAKER VII", the rockbreaking machinery has now been installed and the special survey completed. A report on form No.8 will be forwarded in due course.

We shall be glad to know whether any fee should be charged at this Port for the survey. We would add that the annual freeboard survey has been held concurrently with the above survey.

We are, Dear Sir,

Yours faithfully,

pro The Surveyors.

The Secretary,  
LONDON.
