WARD,
 SURVEYOR.

T,
 DR.

Sir,

With reference to your memorandum of the 9th. instant and our of the 13th. we have to acquaint you that a reply has today been received from the Owners stating that the Port Authorities at Porto have wanted the vessel a further two months before their annual survey is and it is the convenience of the Owners to hold the Society's survey at the end of that period.

A communication has today been sent to the Owners advising that the year of grace for completion of the S.S. and L.M.C. expires this and no request to the Committee has been received from them for a prolongment beyond the year of grace. The vessel is classed in this category whose Rules are clear with regard to the carrying out of periodical surveys and it is not reasonable to expect these to be disregarded due to the indulgence of a body not interested in or concerned with the Requirements of this Society.

The Owners have been advised that the B.S. is due this month.

The Owners reply will be advised when received.
