Vessel's Name: "TSINAN"

The S.S. "TSINAN", previously owned by the China Navigation Company Ltd., was purchased in September last by Messrs. Ambay Prince Steamship Co.Ltd., Hong Kong.

This vessel has a Load Line assigned by the Society.

The Owners contemplate converting the vessel for oil fuel burning and will consider classification provided the matter can be arranged without too much inconvenience.

Will you please inform us as to the requirements necessary for Classification.

We would perhaps add that the Boilers, Propeller and Screwshaft were examined by us in September last but due to an oversight it now appears that we failed to obtain the Society's permission before carrying out these surveys.
