QUESTION

ANSWER

Date:— 4th July, 1956.

With reference to my letter of 14th April, I shall be glad to know whether you can furnish me with any further information regarding the above vessels.

You will observe that the next half Surveys on the latter vessels become due at the end of July.

We have been unable to obtain any information regarding these vessels. The Government of Pakistan seem unable to come to any decision in spite of repeated enquiries. The vessels are lying in the river at Narayanganj, East Pakistan and since their arrival two years ago have done little or no work.

B. Hill.
