

Lloyd's Register of Shipping,

17 Battery Place,

New York.

January 16th, 1931.

Dear Sir:-

I wish to confirm cablegrams which have passed between us regarding Fairbanks Morse Engines Nos. 758354 and 756398, as per translations attached, and with regard thereto I may say that the Chicago Surveyor reports that these engines were built under special survey for the M.S. "PUKEKO", and that his Report No. 317 was mailed to this Office on the 28th July last.

I have been unable to trace its receipt here in the records at this Office, and in the circumstances I have arranged for Mr. Blair to forward copies, which will be despatched to you as soon as they are received.

I am, Dear Sir,

Yours faithfully,

Chief Surveyor,
U.S.A. & Canada.

The Secretary,

LONDON.
