And  
LONDON

February 4th, 1931.

Dear Mr. Scott:-

M.S. "PUKEKO".

With reference to my letter of the 16th inst., I have now to enclose Chicago Report No. 317 covering the survey of Fairbanks Morse Engines No. 758,354 and 756,398. No plan or Forging Reports accompanied it, nor are the dates of survey given, but I have requested Mr. Blair to arrange to furnish same as soon as possible.

I trust that this copy will give sufficient information to deal with the case, and I might add that the engines are a duplicate of those installed in the Sydney Ferry built by Messrs. Pool and Steele last year.

Yours faithfully,

A. Scott, Esq.,

LONDON.
