

Port: Yokkaichi

Date: 7th December, 1962

This is to certify that I have adjusted safety valve of the exhaust gas economizer on 4th December 1962, during this voyage.

This safety valve was tested under steam to 27.5 kg. per square cm. and found satisfactory.

Ship name : M.S. "Kowa Maru"

Owner : Taiheiyo Kaiun

Gross tons : 21,974

*Toku Kikuchi*
