No. 4300

JD.

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

The class is subject to rudderstock (twisted 1,48) being specially examined and dealt with as necessary at the next Special Survey.

SPECIAL SURVEY(C) due 8,54 has been postponed until February, 1955. Any further deferment being dependent on the ship being opened up and examined as for Special Survey in accordance with the terms of Society's letter dated 28.8.54 (see letter dated 22.10.54.)

The ISTANBUL Surveyor reports 12,54, this ship placed in drydock and further items of a General Examination dealt with. It is not clear from the report that the ship has been opened up and examined as for Special Survey, but the Surveyor states that the general condition of this ship from this further examination in his opinion merits favourable consideration for postponement of the Special Survey until the end of August, 1955.

SUBMITTED record of docking 12,54 be assigned as recommended, subject to the rudderstock (twisted 1,48) being specially examined and dealt with as necessary by the Special Survey but further ACTION be DEFERRED for Special Survey.

The proposal to further defer the Special Survey until August of this year is SUBMITTED for the consideration of the Committee.

12,54 Ist. Subject.

IT IS ALSO SUBMITTED the Surveyor be advised it is concluded the coal bunkers and ash hoppers were examined also that the ship was opened up and examined as for Special Survey (see Society's letter dated 28.8.54).
