Dear Sirs,

"TRANSKIPPER"

We thank you for your letter of the 4th inst., from which it is noted that it is proposed to defer the annual boiler survey and drydocking of the above ship for two months in order to enable the ship to proceed to a lay up port. We would inform you that this proposal is in order subject to confirmation by the Committee.

On receipt of a reply from London a further communication will be addressed to you.

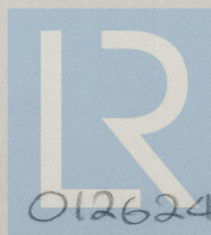

We shall be glad if you will kindly state the name of the lay up port in due course.

Yours faithfully,

*P. N. Clayton*
