QUESTION

ANSWER

With reference to your report No.7479, I shall be glad to learn what arrangements the Owners propose making for the Special Survey to be completed. I would remind you that should the inspection in question not be completed in the near future it will be necessary for those items seen last January/February to be re-examined.

The Boiler and Steam Generator Surveys will become due at the end of February.

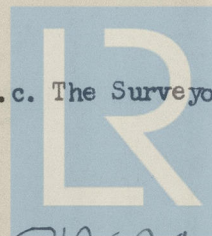

Date:— 27th December, 1960.

It is noted from a letter of the 10th December addressed to Yokohama from Iino Kaion K.K., Tokyo, copy of which was received at this office, that the Owners of this ship desire to withdraw the ship's class from the Society.

It is, therefore, concluded that the Yokohama Surveyors have written to you in respect of the above.
