QUESTION

I shall be glad if you will ascertain and let me know what arrangements are proposed to be made for the Main Boiler Survey, Steam Pipe Surve and Screwshaft Survey, due at the end of April, July and September respectively, to be carried out.

It is noted from the current Register Book Supplement that the records of Docking and MBS 4.59 (your report No.64911) do not appear. Arrangements have now been made for the necessary corrections to be made.
