~~And~~

Dear Sirs,

Icebreaker "M o s k v a"  
Newbuilding No. 365 by  
Messrs. Wärtsilä-koncernen Ab,  
Sandvikens Skeppsdocka.

I herewith enclose the Rpt. 1 No. 7650 H regarding  
this vessel.

Copies of certificates and the approved plans are  
sent to you under separate cover.

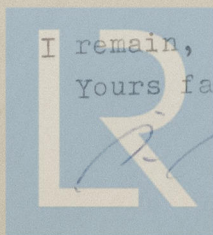

As I have posted the electric reports only recently  
to the Gothenburg Office for Mr. J. Gardiner's perusal  
and signature, I thought it best not any longer to hold  
back the Rpt.1 but to send it to you now separately.

All the reports for the machinery are now ready and  
will be posted to you upon return of the above said  
electric reports from Gothenburg.

Unfortunately the delivery of this newbuilding took  
place when the docking-rush set in after the ice had left  
the Finnish coast. The reports have therefore been delayed,  
the more so, as the persons in the Yard, with whom I needed  
to discuss, have been on their vacations.

Regarding the fees I will write you later on.

I remain, Dear Sirs,  
Yours faithfully,
