Proposed to be held.....

Remarks. On the 23rd July last the Gibraltar Surveyor stated that this vessel would be submitted for survey at Vigo in the near future.

As the vessel was reported under survey at Kiel no action was taken. Later it appeared, however, that the entry in the Kiel return was made in error and further enquiry was made of the Gibraltar Surveyor who now states that he has been informed by Lloyd's Agents at Ceuta that this vessel is laid up at that port.

Brief Surveyors' recommendations.....
