Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

26th March, 1928.

Dear Sirs,

M. I am in receipt of your letter of the 22nd instant forwarding your freeboard report on the M.V. "SUD ATLANTICO", Messrs. Burmeister & Wain's No.543, and with regard thereto I have to state that as freeboard is a condition of the class of this vessel, it will be necessary for the freeboards assigned by the Norwegian Authorities to be approved by the Committee of this Society.

I shall therefore be glad if you will forward a memorandum of the freeboards assigned by the Norwegian Authorities, including all the seasonal allowances, for the consideration of the Committee.

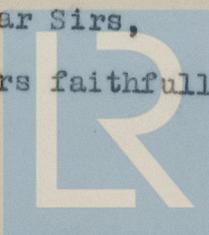

It is assumed that storm valves are fitted to the scuppers from the second tween decks in accordance with the Rules, but I shall be glad if you will forward particulars, and at the same time furnish me with particulars of the hatchways and supports on this deck.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,  
COPENHAGEN.
