General examination for postponement of Special Survey

Please refer to Telex dated 17th July, 1966.

Now done:-

Electrical equipment as listed above.  
Steam windlass & steam steering gears.  
Bilge suction tests.

In view of satisfactory nature of general examination and survey now held, it is submitted that owner's request for postponement of Special Survey until August, 1966 warrants the favorable consideration by the Committee.

The reason for repairs must be stated and those on account of damage, the alleged cause of which must be given, should be detailed separately from wear and tear repairs. State what action has been taken regarding items which are subjects of class. State also where appropriate, for the information of the Technical Records Dept., the material of the defective item and whether it is a forging, casting or welded fabrication. Any alterations in existing particulars in the Register Book should be reported above.
