Dear Sirs,

CLASSING LETTER

30067 "MICHELANGELO". This ship has now been classed *100A1 together with the appropriate notations recommended by you.

It is concluded that navigational aid P.F.D. has not been fitted, but this should be confirmed in view of the fact that this information has been omitted from the Report.

On the Capacity Plan tank Nos.6-13,16, 20 and 22 are shown for oil fuel or distilled water, whilst their capacities are given under the heading of dirty ballast and, in the circumstances, I shall be glad to receive your comments.

Please confirm that the chain cable is of Grade III (a) quality, as the Grade of cable supplied should be specified in accordance with Chapter P. Section 13, Para.1301 of the Rules.

It is also concluded that high tensile steel has been fitted on the "PASSEGGIATA Deck throughout as shown on the Special Plan and not as reported, but your confirmation is desired.

With regard to the Machinery, I shall be glad if you will forward a diagram of the Machinery arrangements.

30070 "RAPHAEL". This ship has now been classed *100A1 "Oil Tanker" "Ice Class 3" together with the appropriate notations recommended by you.

Yours faithfully,

pro Clerk to the
Classification Committee.

The Surveyors,
GENOA
