And

Dear Sir,

"STANVAC JURONG"

We acknowledge receipt of your letter of 28th October regarding the Owners desire to extend the service limits of this tanker to cover East Indian Archipelago.

In reply, we would state that the general scantlings of the ship are considered adequate for the service now proposed, however, the omission of a forecandle in conjunction with the high draught to depth ratio requires further consideration.

We would mention that the contents of your letter of 4th May regarding the torsional vibration characteristics of the main machinery and the operational R.P.M. could also affect this proposal.

Yours faithfully,

For the Surveyors.

The Secretary,
LONDON.
