26th July, 1967.

Dear Sir,

M.T. "HOVE"

I refer to recent memos and my letter dated 29th May, 1967.

I regret that there is no indication of the Owner being prepared to present the outstanding machinery items for survey.

Letters and telephone messages are ignored and when an approach is made personally any responsible representative is conveniently "OUT".

As advised in my previous letter this Owner is the same one who owns the "United" fleet of barges and the same attitude as indicated above is being taken in respect of the Annual Survey requirements of the barges.

Bills rendered for surveys held in September 1966 still remain outstanding, and again reminders for settlement are ignored.

Withdrawal of clas for the "HOVE" and the unsurveyed barges is, I realise, a serious step but I feel that in the absence of any firm proposal to present the vessels for survey it is the only course left open, but your comments would be appreciated.

The barges not yet surveyed and overdue are "United Six", "United Nine", "United Eleven", "United Twelve" and "United Fourteen".

Yours faithfully,

K.W.T. Elder
(K.W.T. ELDER)

The Secretary,
LONDON.
