Dear Sir,

s.t. "Sir Bernard Reilly"

I have this day had a request from the Aden Port Trust Superintendent for a further extension of the screwshaft survey.

The above request is made on account of a new vessel arriving at this port in July to replace the "Sir Bernard Reilly" which will then be disposed of.

The extension is required for a further period of ten weeks when the new tug should be in service and your early decision on this matter would be appreciated.

Yours faithfully,

*P. H. Ferri*

Your letter of 14th May, 1963, in relation to the proposed extension of the period of ten weeks when the new tug should be delivered is appreciated.

The extension is requested for a further year in order to enable the "S.T.L. Berneid Kelly" which was built in 1957 to be replaced by a new vessel arriving at this port in 1964.

The above request is made on account of the fact that the "S.T.L. Berneid Kelly" which was built in 1957 is now becoming obsolete and it is requested that the extension of the scheme itself should be granted.

I have this day had a request from the Aden port Trust Superintendent for a further extension of the scheme itself.
