GOPY

Dear Sir,

13 SEP 1962

"GABBAR"

Referring to my previous contacts with engineer Hacky Gharbo, in connection with the arrangements to examine the above mentioned crane in the drydock, also referring to his statement that the docking survey might be carried out November 62, when it is expected that the naval forces would clear the dock; I add that the Committee feel it is necessary to carry out the mentioned survey at the earliest possible as the vessel has not been examined in drydock by the Society's Surveyors since she was built in February 61.

I therefore kindly ask you to inform me of your proposals in this connection for the information of the Committee.

Enclosed herewith please note a copy of the Secretary's letter dated 13th September 62, on this subject.

Thanking you dear Sir,

Yours faithfully

Signed

M. Dawood

The Director General,
Ports & Light Administration,
ALEXANDRIA
