Dear Sirs,

Non-propelled pontoons "YESILIRMAK 2"  
"YESILIRMAK 3"  
built by Verolme United Shipyards for  
the Ministry of Public Works of the  
Turkish Republic.

Reports have been received from the Rotterdam Surveyors of surveys held during the construction of these pontoons, with a view to assignment of the class \*100A1 "Black Sea and Eastern Mediterranean Service".

Before class can be assigned however, it will be necessary for a General Examination to be held on these craft on arrival in their service area, and I shall be glad if you will carry out such an inspection and furnish your reports on these cases in due course.

Yours faithfully,

Clerk to the  
Classification Committee.

The Surveyors,  
ISTANBUL.
