Dear Sirs,

With reference to your Report No. 10463 on the Tug "FOREMOST", I shall be glad if you will ascertain and let me know within what time the Owners expect to be in a position to have the drain hole in the boiler room bulkhead closed or a sluice valve fitted and the safety valves re-adjusted to not more than 120 lb. per square inch.

I am, Dear Sirs,

Yours faithfully,

Secretary.
