Dear Sirs,

Steamer "C. SADIKOGLU" now named  
"TITAS"

Classn(S)  
RNC

I have your letter of the 19th instant and have submitted this case to the Committee at their Meeting this afternoon.

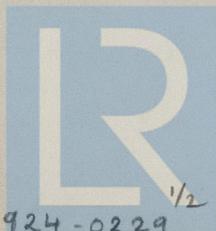

You doubtless recollect the previous history of this ship, i.e. that her class was expunged owing to non-compliance with the Regulations last January, but on appeal by the present Owners her class was reinstated until the end of last month as a result of a General Examination, including drydocking, which was carried out at Newport News last March.

It is concluded you advised the Owners of the fact that the full requirements of a Special Survey (D) should be complied with by the end of May, as indicated in my letter to you on the 25th April.

The reinstatement of class carried the ship to the expiration of the year of grace for the overdue Special Survey, and the Committee are unwilling to grant any further extension beyond that date.

The Owners should therefore be informed that the survey must be put in hand forthwith if the vessel is to maintain her class. They should also be reminded of the fact that her Loadline Certificate expired on the 31st May.

In view of the Owners' request I have cabled this decision to you this afternoon.

2.

I shall be obliged if you will inform me immediately should the survey not be held as required so that the case may be brought to the Committee for the class to be expunged.

Yours faithfully,

c.c. Fbd.

Clerk to the  
Classification Committee.

The Surveyors,  
ISTANBUL.
