

"TITAS" ex "C.SADIKOGLU"

A SPECIAL SURVEY (D) became  
due 5,57.

(2). The class of this ship was formerly subject to starboard quarter sheerstrake plating etc. being dealt with as necessary and to sheerstrake plate No.16 and No.16 in 1st below sheer (p.s.) being dealt with at the Special Survey, to 15 fathoms of chain cable (Cert.LHP 79137) being verified with certificate at the earliest opportunity, and to shell plate G.19 in way of No.1 hold (p.s.) being further examined and dealt with as necessary on completion of present contemplated voyage.

The class of the ship BS\* was expunged from the Register Book in January of this year for non-compliance with the Rules.

A proposal to reinstate the class of this ship has been approved, subject to the requirements of a General Examination in accordance with Circular No.1959, including drydocking being complied with, also to special attention being paid to the outstanding recommendations before the class was expunged, and to the complete requirements of a SPECIAL SURVEY (D) being carried out before the end of May 1958.

The NEWPORT, News. Surveyors report (3,58) this ship placed in dry dock, the requirements of a General Examination in accordance with Circular No.1959 complied with and temporary repairs effected to a shell plate.

Permanent repairs have been effected to shell plate G.19, as above, the remaining conditions of class examined and found to remain efficient and recommended to be dealt with at the Special Survey.

The Surveyors recommend the Special Survey as above be carried out by 5,58.
