Dear Sir,

M.V. "M.H. THAMRIN"

Reverting to your memorandum dated the 5th February, I have to inform you that the Reports of the survey carried out by the Kobe Surveyors between the 11th and 21st January, have now received the consideration of the Committee.

At that time the repairs to the cracked turbo blowers, built-up on seatings, were reinforced, and it was recommended that these repairs should be again examined by the end of January 1965.

The Committee have continued the vessel's class subject to this matter receiving attention by that time.

In the meantime fresh records of Docking Survey 1,64 and Screwshaft Examination 1,64 have been assigned.

I shall be glad if you will inform the Owners accordingly.

Yours faithfully,

Deputy Clerk to the
Classification Committee

A.L. Jemmett, Esq.,
DJAKARTA.
