Reference

Classn. ....

Dear Sir,

M/V " SABOTINO "

With reference to your Classing letter dated 21st December 1954 regarding the above vessel, we have to say that two piston rods, machined at this port under our supervision, for the starboard main engine have been despatched on 16th December to Augusta, where the vessel is under discharging.

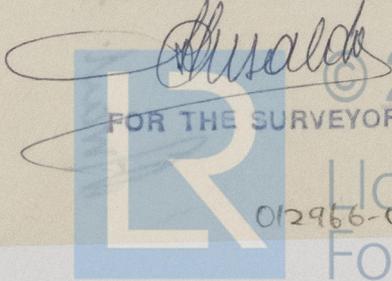

The Owners' Representative stated that the two cracked piston rods would have been renewed at that port a few days later.

Yours faithfully,

The Secretary,  
London
