Enclosures.

21st January, 1948.

Dear Sirs,

I have to confirm the cablegrams which have been exchanged between us on the Motor Tanker "ARIETE", as per copies herewith, and to thank you for the attention which you are giving to this case. The Marseilles Surveyors are being advised accordingly.

You will appreciate that our hesitation in asking the Society's Surveyor at Port Said to visit Haifa was due to the difficulties attendant upon leaving and entering the respective countries.

Yours faithfully,

Clerk to the
Classification Committee.

Lloyd's Agents,
P.O. Box 227,
HAIFA.
