Enclosures

Dear Sir,

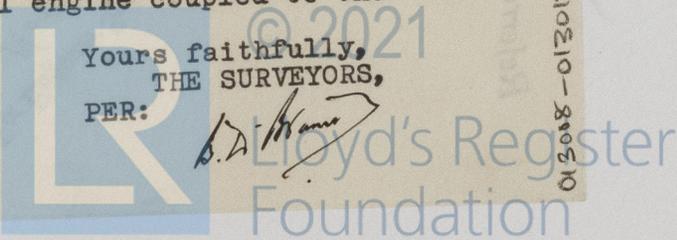

M/V "STEINGRIM STANGE"  
/(S'ld Rpt No. 35201)

In reply to your classing letter of the 11th instant, the figure of 70° F. rise shown against the Commutator on the Maker's test sheet is in error and should read 53° F. It is regretted that due to an oversight at this end the mistake escaped our notice in forwarding the reports and we enclose a corrected Maker's test sheet with its accompanying letter now received from the Sunderland Forge & Eng; Co. Ltd. The original certificate is returned, duly cancelled.

The Russell Newbery diesel engine coupled to the generator is No. 44B/1

Yours faithfully,  
THE SURVEYORS,  
PER: *B.D. Williams*

The Secretary,  
LONDON.
