-----

M/T "Pericles" - Transfer to Det Norske Veritas.

Subject ship will be converted to a bulkcarrier at I.N.M.A., La Spezia this year.

The ship will arrive at La Spezia at the end of this month for the conversion at which time she will also be transferred to Det Norske Veritas for future classification.

The reason for this transfer is that we find it more convenient with the main office of D.N.V. close to us here in Oslo, to confer and settle all major and minor items and problems pertaining to Class Rules, which are certain to arise before and during the conversion.

We take this opportunity, however, to express our appreciation for your good services rendered and our pleasant cooperation during the years M/T "Pericles" has been under your care.

Yours faithfully  
On behalf of I. M. Skaugen
