Dear Sir,

Motorship "PEMEX 4"

I have to acknowledge the receipt of your letter of the 17th November last with enclosed communication from Mr. Rennie of Galveston and reports Nos.3/54 and 4/54 of surveys carried out by the Surveyor to Lloyd's Agents at Tampico.

The case has received the consideration of the Committee at their Meeting to-day, and notations of docking, Special Survey of hull and machinery, and shaft renewal, all with date of 10,54, have been assigned, and Classification Certificates on hull and machinery are enclosed for transmission to the Owners.

At the same time, the matter of the equipment has received special consideration, and the Committee have decided to re-instate the figure "1" for equipment.

Yours faithfully,

Clerk to the  
Classification Committee.

The Secretary,  
NEW YORK.
