

*Received from Chief Ship Surveyor*

The remarks of the Chief Ship Surveyor are desired on this case for the consideration of the Classing Committee.

### Nature of Survey

First Entry.

It is submitted before this case receives the consideration of the Committee it should be pointed out to the Surveyor at Tampico, Mexico that it is concluded the deck house erection is efficient although somewhat unfair, but he should state if this is so, and also whether the inner surfaces of the bottom plating are covered by cement.

The Surveyor should be requested to forward particulars of size, weight and test of the anchors and chain cables supplied; it should be pointed out to him that additional stiffening in way of the winch should be fitted to his satisfaction.

12-6-22

As regards The Machinery This should also  
be reported on a 1<sup>st</sup> entry form, & it should  
be stated whether all the requirements of  
The Rules have been complied with.  
Copies of London reports Nos 828119 83647  
Should be forwarded for the  
Surveyors guidance
