21st March 1910.

Gentlemen,

With reference to my letter of the 18th and yours of the 22nd ultimo respecting the new steamer "CONSORT", I have to inform you that the survey for classification has now been completed at Yarmouth with the exception of supplying 60 fathoms of chain cable of proper size, weight and test, and have to request that you will learn from the Builders when this cable may be expected to be placed on board the vessel in order that arrangements may be made for the examination of the same, and for verifying the test particulars with the certificate of test.

I am, Gentlemen,

Your obedient Servant,

Secretary.

The Surveyors,

HULL.
