ly agreed

The Committee agreed on the 26th February, 1959 to the  
overdue Donkey Boiler Survey being completed at Alexandria  
where the vessel was then proceeding. On the 6th March,  
1959 the Alexandria Surveyor stated that no action had been  
taken by him, as the vessel was to pass through the Canal,  
but that he had informed the Port Said and Suez Surveyors  
of the position.

PROPOSAL

The Port Said Surveyor now cables that the vessel has  
proceeded to Seriphos Island, Greece, without the overdue  
Donkey Boiler Survey being completed. It is stated that  
the vessel will probably return to Port Said in April next.
