

Ref: AGS/BS.

27th October, 1960.

Messrs. James W. Cook & Co., Ltd.,
Temple Buildings,
Bowlalley Lane,
HULL.

For the attention of Mr. Cobby.

Dear Sirs,

"REDSHANK C".

We enclose herewith copy of letter received from Lloyd's Register of Shipping regarding classification of the above vessel.

You will recall that the suppliers of these nylon propellers are under contract to provide six propeller blades to meet Lloyd's test and requirements, and we understand that these are in the course of manufacture, however, there has been such delay in this matter that you may feel, in view of this letter from Lloyd's, that the position should be reviewed with regard to fitting a bronze propeller which would thereby bring the vessel up to classification requirements.

We should be pleased if you would give consideration to this matter and let us have your decision in due course.

Yours faithfully,
for: JAMES W. COOK & CO. (WIVENHOE) LTD.

A.G. Smith
General Manager.
