Dear Sir,

M.V. "COASTAL CLIFF"

The Lake Special Survey became due on this ship in April, 1961, and accordingly it has been ascertained from the Owners that, as she is not to be placed in commission this season, they have no objection to a notation of "Laid up pending survey" being assigned against the ship's name in the Register Book.

Yours very truly,

Secretary to the  
Canadian Committee
