Dear Sirs,

Steam Tug "LADY THELMA".

With reference to your letter of the 25th ultimo, we have to inform you that provided a satisfactory General Examination in dry dock, or on slipway, is held at an early date, the Committee will be prepared to consider your proposal to postpone the Special Survey. In view of the age of this tug the period of postponement will, however, be dependent upon the condition of the vessel as found at the General Examination and will in any case not be beyond the end of March, 1960.

Yours faithfully,
The Surveyors.
