With reference to the Screwshaft Survey which became due at the end of last month, Messrs. C. Rowbotham & Sons (Management) Limited, London, state the management of this tug has now passed to the British Transport Commission, Parkeston Quay, Harwich. I shall be glad if you will ascertain and let me know what arrangements are proposed to be made for the inspection in question to be carried out.

It will be noted that the Main Boiler Survey will become due at the end of November and that her last drydocking date is November 1960.

Yours faithfully,
