Dear Sirs,

S. S. "MOUNT ITHOME"

You will recall that in April last thermometers were fitted in the shaft tunnel side plating and the Surveyor recommended that the class should be continued subject to the half inch openings in this plating being permanently closed on discharge of her cargo. I shall be glad to learn if this matter has yet received attention and if so where an opportunity may be afforded one of the Society's Surveyors to verify this. Your early reply will be appreciated.

Yours very truly,

W. G. Sibley  
Secretary
