Ans'd.....

The Secretary
LONDON.

Dear Sir,

X With reference to Montreal Rpt. No. 12929 on the steamer "IMPERIAL EDMONTON", I think it well to explain that this vessel laid up at Sorel last autumn when her Boiler Survey was carried out and subsequently with the opening of the Seaway the vessel proceeded to Port Weller. X

The machinery from this ship and part of the after end is to be used in the construction of Port Weller Drydock Yard No. 28 and in this connection I would refer you to Montreal letter dated the 22nd July last forwarding a copy of the approved midship section for the new vessel.

Yours very truly,

Encl. ✓
