SUBJECT: m.v. KOOLINDA

Dear Sirs:

I refer to my telephone conversation with Mr. Chapman this morning regarding the classification of the m.v. KOOLINDA.

We regret to advise that we were not able to get the ship away from Fremantle to Hong Kong last month for a number of reasons beyond our control. I would now confirm that arrangements are being made to get the vessel away promptly and we anticipate that she will sail from Fremantle before the end of May or first days of June.

All arrangements have been made with the Hong Kong shipyards to commence the work required in the Special Survey on arrival and as a matter of fact, all of the vessel's plans and previous survey reports have been forwarded to Hong Kong for this purpose.

We would greatly appreciate your requesting Lloyd's Classification Society to maintain her class until the vessel arrives in Hong Kong and the Special Survey work commences.

Yours faithfully,

HENDERSON TRIPPE SHIPPING (AUST.) PTY. LTD.
