6th November, 1919.

Dear Sirs,

With reference to the case of the new U.S. "WAR APPLE" now named "BELLAS", I have to inform you that representatives of the new owners have called here to-day, with regard to the classification certificates which they are anxious to have at the earliest possible moment.

They have been informed that before the classification certificates can be issued, it will be necessary for all the fees to be paid, and for the Builders' authority to be obtained before they can be handed over.

It is understood that the new owners are in communication with the Builders with a view to obtaining their sanction to this being done, and I shall be glad if you will telegraph me in the morning whether the fees have been paid, and also whether a new name appears on the vessel's side.

I am, Dear Sirs,
Yours faithfully,

Secretary.

Dear Sirs,
Surveyors,
