29th Apr. 1959.

/N.

W.P. Watson Esq.,
Surveyor to Lloyds Register of Shipping,
ADEN.

Dear Sir,

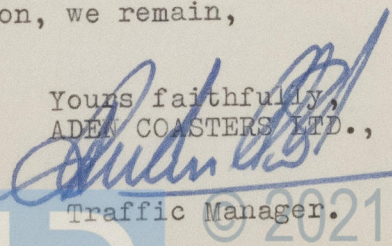

m.v. "Shibam" - Special Survey.

With reference to the extension granted in respect to this vessel's Special Survey until June 1959, we should be greatly obliged if you would kindly request your Principals to allow us a further extension until latest October, 1959. As you are doubtless aware, it will be extremely arduous for the work to be carried out during the summer months added to which there may be some delay in obtaining the necessary plating.

Another important reason for our wishing to delay this Special Survey is that our Marine Superintendent, Mr. M. Berido will be on leave until October this year.

Thanking you in anticipation, we remain,

Yours faithfully,
ADEN COASTERS LTD.,

Traffic Manager.
