WHEX BALDUR

Memorandum respecting incomplete survey on

the "POLST JARNAN" (ex M.M.S.1006)

London 9th March, 1948.

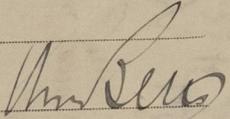

With reference to endorsement, dated the 10th November, 1947, Mr. Hedger states that the oil fuel tanks are fitted in the Engine Room and not in a separate fuel compartment. Drip trays are fitted as per Rule requirements.

The overall length is 140 ft., extreme breadth over belting 29 ft. 5 in. and the length of the forecastle is 21 ft. 6 in. with overhang of 9 in.
