

M.V. 'NELLY MAERSK' NEWCASTLE-ON-TYNE, No. 10711D

Memo. re scutex on Poop & Bridge Decks.

Due to a misunderstanding by the Builders the Poop deck plating inside the Poop deckhouse was fitted .26 and the Bridge deck plating inside the Bridge house was fitted .28, in both cases below Scutex only $3/8$ " thick. These thicknesses were approved below wood sheathing.

In these circumstances & in view of a certain amount of shoring provided by steel bulkheads it is recommended this arrangement be accepted in this instance.

agreed to accept, in the circumstances,
by in dept. E.H.R.
