LLOYD'S REGISTER,
LONDON.

RECD 11 SEP 17

Dear Sir,

Referring to our ANSD 11 freeboard report No. 3626 on the steamer "MASILIA" and our letter of the 26th ult. we beg to acquaint you that through an error in the information received from the Builders the under deck tonnage and tween deck tonnage then given is incorrect.

The correct particulars of tonnage should be as given on the first entry report forwarded you today, and it is assumed that the freeboard will not be affected.

A similar mistake was made when reporting the sister vessel "ALGERIA" for freeboard.

I am, Dear Sir,

Yours faithfully,

Augerius

referred to the other two surveyors.

The freeboard connection
should be affected thereby
in so far as the surveyor
is obliged to make his
freeboard connection
so as to prevent him from
being exposed to possible
danger of drowning or
being hit by a vessel
which may be passing
near him and which
may be moving rapidly
and which may be
under way.
