Dear Sir,

Steamer "LAYMOOR"

With reference to Glasgow report No. 90932, it is concluded that the equipment supplied on this ship has been approved as there is no indication of this on the plans forwarded or in any correspondence, but confirmation of this is desired.

I shall also be glad if you will furnish a Rpt. C.11 as one does not appear to have been received here and request the Surveyors to give particulars of the coating of the inner surface of bottom plating as, cement being omitted, the plating will require to be examined internally annually.

Yours faithfully,

Deputy Clerk to the  
Classification Committee.

The Secretary,  
GLASGOW.
