Dear Sir,

S. With reference to Glasgow First Entry Report No.71667 and Greenock First Entry report No.23481, I shall be glad if you will request the Surveyors to verify the breaking test applied to the towline and the test reported does not apply with the Rules for a 6 x 24 special flexible steel wire rope. I shall also be glad if you will ascertain and forward particulars regarding distances between bunkers, tank top and boiler insulation, as this information has been omitted from the report.

Yours faithfully,

Clerk to the
Classification Committee.

The Secretary,
