New proposal

The Owners state that due to delays the ship cannot possibly discharge her cargo in Japan and return to Hong Kong before the 10th March to carry out the Special Survey. The Owners have purchased steel for renewals and this is now in Hong Kong. It is desired that a General Examination be made afloat with a view to a voyage from Japan to Hong Kong. The year of Grace expires at the end of March 1962.

Technical
recommendation

There is no technical objection to this proposal, but it is concluded that the equipment will be placed in order at Hong Kong.
